Hourtin

and Carcans-Maubuisson share the largest natural freshwater lake entirely situated in France: it spreads over 5700 ha in an inland sea (18 km long and 4 to 5 km wide).

Activities on the lake: windsurfing, sailing, kayak, water skiing...
Or even wakebord, kitesurf, stand-up paddle;

The hardest is to choose!

Other assets of our little town:

- The ocean
- The pretty village with its markets
- A preserved natural environment, like for example the Contaut lagoon
- Fishing
- 1h away from Bordeaux and from the basin of Arcachon, with the Pyla dune, the highest sand dune in Europe!
- Proximité des plus grands châteaux du Médoc
